

Comparison Guide: Special Needs Trust and ABLÉ Account

As a trustee for Special Needs Trusts, ACHIEVA Family Trust helps individuals with disabilities and families navigate through the options to protect their futures and enhance their lives.

The Achieving a Better Life Experience (ABLE) Act allows individuals with disabilities to save for qualified disability related expenses. ABLÉ creates a new provision under the current IRS code §529 education savings plan to establish these accounts.

Without a Special Needs Trust or ABLÉ Account, an individual who receives certain government benefits, such as Supplemental Security Income (SSI), Social Security Disability Income (SSDI) and Medicaid, would only be allowed to have \$2,000 in financial resources before losing government benefits; ABLÉ accounts allow for up to \$100,000.
