

About ACHIEVA Family Trust (AFT)

We are a nonprofit organization, established in 1998, that serves as corporate trustee for special needs trusts for people with disabilities. We currently serve over 2,200 beneficiaries and are responsible for more than \$115 million in assets under management. AFT also provides education for families/caregivers of individuals with disabilities regarding future planning needs.

People with disabilities and their families face significant challenges in planning for their futures. In addition to providing for the daily care needs of a family member with a disability, providing for their financial future without interrupting vital government benefits, is also a major concern. AFT provides comprehensive resources for individuals and families who are trying to establish a future plan for their loved one, including legal resources.

WHO SHOULD BE REFERRED TO ACHIEVA FAMILY TRUST?

- Family members of people with disabilities who want to begin to save for their future or are developing their estate plans
- Individuals with disabilities who have too many assets to remain eligible for government benefits
- A person with a disability who receives a financial settlement or inheritance that would affect their eligibility to receive government benefits
